HEADLINES

Dear Parents,

Thank you to those of you who were able to attend the maths workshop led by Mr Howe. Feedback has been very positive and we are looking to be able to provide some resources to help you to support your children at home. Mr Howe and I completed a series of maths observations this week and were very impressed with the quality of learning and progress that our children are making.

Continuing on the maths front, well done to James P, William, James F and Seth who ably represented our school during a maths challenge session at King Edward's school. Mrs Monelle was very impressed with the children's resilience and problem solving skills and we thank her for taking the children to this event and congratulate the children on their success.

Thank you for your considerate nature when it comes to driving and parking near our school and in the village. To this end I would like to remind, or clarify for everyone, our agreed systems; taxis and buses are the only vehicles permitted to use the bus stop and we have a designated disabled parking space within the school grounds which can be used via prior arrangement. I know you will agree that all these actions will ensure the safety of our children, so thank you.

Finally, a quick reminder about Parents' Evening which will be held on Tuesday and Thursday next week. We hope you are finding the on line Parent's Evening sign-up sheets user friendly and I look forward to seeing you then.

With warmest wishes
Pam
