20	I know what to do to help my child learn, build their self-esteem and reach their full potential.	96%

Thank you for completing our Parent Questionnaire.

There is much to celebrate, along with a few areas we have identified to work on as a result of your feedback. I have reported on the changes we have made as we have progressed through the year.

We now write a newsletter every week where we detail diary dates and what we have been doing. The feedback relating to this weekly newsletter has been very positive. We have also phased out cake sales in order to respond to our joint quest to help our children stay healthy.

We have also added a greater variety of after school clubs as the feedback received felt that clubs were sport heavy. We have included a Science Club for key stage 1 and 2, Fencing, Create Club and Street Surfing to add to our ever growing list of after school clubs.

Thank you for your continued support. Neston is an exciting place to be – thank you for being part of it.
